OBJECTIVE

Driven Machine Learning enthusiast with hands-on project experience in Deep Learning, Computer Vision, and Python. Seeking a challenging internship to apply skills in model development (ANNs, CNNs) and contribute to real-world AI solutions.

EDUCATION

Bachelor of Technology, Computer Science
JECRC University, Jaipur, Rajasthan

2023 – 2027

TECHNICAL SKILLS

- **Languages & Libraries:** Python, PyTorch, NumPy, Pandas, OpenCV, Matplotlib
- **Deep Learning & ML:** CNNs, ANNs, Transfer Learning, Regression Models, Cosine Similarity, Optuna
- **Databases Tools:** MySQL, Git, VS Code, Jupyter Notebook, Google Cloud Platform, AWS
- **Web Technologies:** Streamlit, HTML, CSS, PHP (Basics)

PROJECTS

Movie Recommendation System

- Developed a content-based recommendation engine using cosine similarity to accurately match user preferences based on movie content.

Car Price Predictor App

- Built and trained a regression model to predict car market prices from historical data; deployed the model as an interactive web app using Streamlit.

ANN CNN on Fashion MNIST

- Boosted model accuracy by implementing a CNN with VGG16 for transfer learning and optimized an ANN using Optuna with GPU acceleration.

Hand Gesture Brightness Controller

- Developed a real-time brightness controller using OpenCV, tracking hand landmarks to map the distance between thumb and index finger to system brightness levels.

Gesture-Based Page Scroller

- Engineered a UI automation script that scrolls pages like Instagram by detecting the upward and downward motion of a finger, enabling hands-free navigation.

INTERNSHIP EXPERIENCE

Web Developer Intern - 45 Days

June 2025 – July 2025

ApexPlanet Software Pvt. Ltd., Jaipur, Rajasthan

- Developed and maintained full-stack web application features using PHP and MySQL in a professional setting.
- Applied self-paced learning to solve practical software development challenges and deliver on client projects.

CERTIFICATIONS & ACHIEVEMENTS

AWS Summit India Attendee — Spotlight Star Champion Award

June 2025

Data Analytics Virtual Job Simulation — Deloitte

June 2025

Intro to Generative AI Studio — Google Cloud

June 2025

Google Cloud Computing Foundations — Google Cloud

April 2025

Data Science 101 — IBM

January 2025

Rapid Development for AI Services — IBM

December 2024
